DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 10, 2006 has been entered.

Response to Amendment

2. Applicant's amendment filed on May 05, 2006 has been considered and entered in full.
3. Applicant's arguments with respect to respective amended claims have been considered and are persuasive. Therefore, all the rejections on the respective claims have been withdrawn.

Examiner's Amendment

4. An examiner's amendment to the record appears below. Examiner's amendment:

5. The restriction election without traverse by the applicant withdraws claims 25-26, 55-56, 65-72 from examination and these claims hereby are cancelled by examiner's amendment.

Allowable Subject Matter

Reasons of Allowance:

6. Claims 18-24, 27-30, 48-54 and 57-64 (renumbered as 1-26) are allowed.

The following is an examiner's statement of reasons of allowance:

Both the instant invention and the closest prior art Altunbasak et al., U.S. Patent 6,393,054, are directed to detecting shot boundaries and identifying the frames according to the thresholds. The instant invention further recites the limitation "wherein grouping is determined using a minimum time for frame inclusion, a maximum time for frame exclusion and a range of time from the minimum time to the maximum time, for which further analysis is performed" in claims 18 and 48, which is not taught by prior art of record. Therefore claims 18 and 48 are allowed. All other claims depending on claims 18 and 48 are allowable at least by dependency on claims 18 and 48.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
